

Reducing Energy Consumption in Maryland

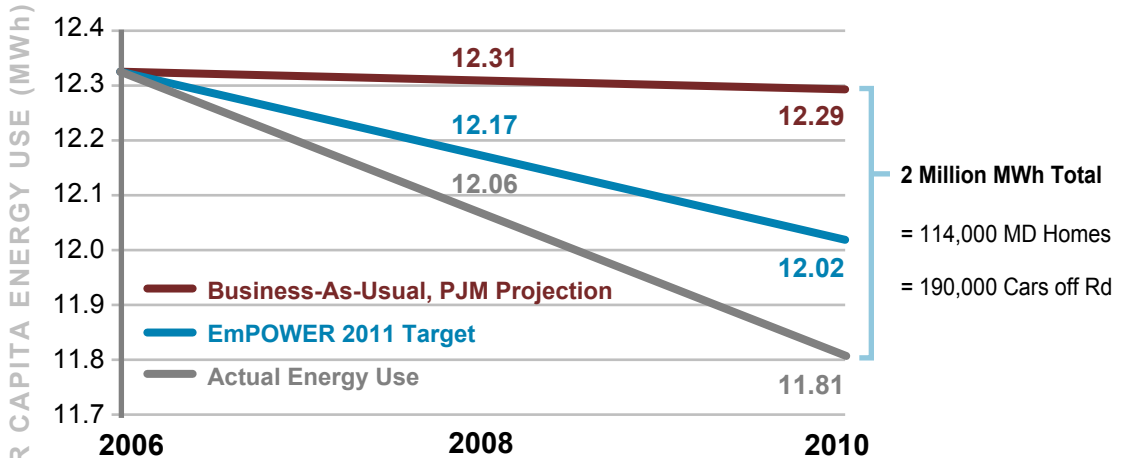

Chart is based on preliminary PSC data from electric utility submissions; data has not yet received final PSC confirmation. PJM forecast is from the Jan.2008 load and energy forecast and is for the entire BGE, DPL, Ap and Pepco Zones. 2007, 2008, and 2009 interim targets for EmPOWER and PJM tendlines are based on 2011 targets.
