Total	2785	2304	1570	2175	110

~ this figure includes duplicate and non-qualifying samples.
 The total "hits" box at the top of the chart reflects all hits against the data, (ie:case-to-case, other states to our state data, convicted offender& arrestee), whereas the total in the "hits" column of the chart is exclusively convicted offender hits
 The hit totals for 1/1/07, 1/4/08 and 1/5/09 were adjusted based on computer calculated numbers and not hand generated calculations
 Note: periodic reconciliation will need to occur every 4-6 weeks to re-establish actual numbers at each point variance shouldn't be too large but with the removal of control samples, failed samples etc. It will be necessary to make minor adjustments.
